

# NO TO TRUMP

**PROTEST AGAINST  
THE STATE VISIT**

**4 JUNE  
FROM 11AM**

**ASSEMBLE TRAFALGAR SQUARE  
MARCH TO WHERE TRUMP IS**

**D**onald Trump is coming to the UK. This time it will be for a full state visit. But there won't be any cheering crowds.

Donald Trump is the most bigoted, aggressive and reactionary US president in living memory. He backs big business whatever the cost. He is openly sexist and racist, he is a warmonger, he supports far right organisations around the world and he denies that climate change is a threat.

Last year, a quarter of a million mobilised to say no to Trump's politics of hate and division. We will be taking to the streets again for migrant and refugee rights, for women's rights, against war, against the corporate elites and for the future of our planet.

This demonstration isn't just about Trump as one man. He is a symbol of the new far right, a politics of islamophobia and anti-semitism, of war and conflict, and walls and fences that is growing around the world.

By inviting Trump to Britain again, Theresa May is backing Trump's toxic politics. This is a chance to take a stand against the right wing ideas on both sides of the Atlantic and make London a Trump-free zone.

## **Make sure you are part of it.**

Together Against Trump is organised jointly by the Stop Trump Coalition and Stand Up To Trump. It brings together a host of campaign groups and trade unions. For the latest information on the three days of protest from 3 to 5 June, check us on facebook or go to [www.togetheragainsttrump.org.uk](http://www.togetheragainsttrump.org.uk)
